

Climate Action Funding Opportunities: November 2017

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Agriculture and Agri-foods Canada	AgriRisk Initiatives	www.agr.gc.ca/eng/?id=1369851891708	The AgriRisk Initiatives (ARI) program supports the research and development, as well as the implementation and administration, of new risk management tools for use in the agriculture sector. The ARI consists of two business lines: 1) Research and Development - providing federal-only, time-limited financial assistance to project proponents to undertake activities related to the development of new risk management tools; and 2) Administrative Capacity Building - a cost-shared program to support pilot administrations during early years of delivering new risk management tools, and to demonstrate the operational viability of new risk management tools in order to attract and secure private sector support.
Agriculture and Agri-foods Canada	Agri Competitiveness	http://www.agr.gc.ca/eng/?id=1359338007173#14	The AgriCompetitiveness Program is a five-year (2013-2018) \$114.5 million program, comprising a combination of government initiatives and contribution funding for industry-led projects. The Program makes directed investments that will help the sector adapt to rapidly changing and emerging global and domestic opportunities and issues, respond to market trends and enhance business and entrepreneurial capacity. There are three delivery streams: (1) Facilitating Sector Capacity; (2) Fostering Business Development; and (3) Facilitating and Supporting a Modern Regulatory Environment.
BC Hydro	Community Grants	https://www.bchydro.com/community/community-giving/grants.html	Supports organizations with programs and initiatives that promote the smart use of energy.
BC Hydro and Fortis BC	Energy Conservation Assistance Program (ECAP)	Fortis: https://www.fortisbc.com/Rebates/RebatesOffers/energyconservationassistanceprogram/Pages/default.aspx?utm_source=newsletter&utm_medium=email	The Energy Conservation Assistance Program (ECAP) provides BC Hydro and Fortis BC residential account holders on limited budgets with a home energy evaluation, the installation of energy saving products, and personalized energy efficiency advice. All of this is free of charge to the participant.

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
		mail%20and%20print&utm_campaign=powerlines%20newsletter BC Hydro: https://www.bchydro.com/powersmart/residential/savings-and-rebates/savings-based-on-income/free-product-install-and-advice.html	
BC Hydro	Sustainable Communities Program	https://www.bchydro.com/powersmart/business/programs/sustainable-communities.html	Helps local governments improve their energy efficiency and reduce your GHGs by providing expertise, education and financial incentives.
BC Hydro	Micro-SOP for First Nations and Communities	https://www.bchydro.com/energy-in-bc/acquiring_power/current_offerings/micro-sop.html	Encourages the development of community-scale electricity projects guided by BC's Clean Energy Strategy.
BC Hydro	Commercial New Construction Program	https://www.bchydro.com/powersmart/business/programs/new-construction.html	By being a leader in energy management, we can assist with resources, potential funding and technical assistance to building owners, developers and the design industry to create high-performance, energy-efficient buildings.
BC Hydro	Energy-Saving Incentives for Businesses	https://www.bchydro.com/powersmart/business/programs/express.html	If your business is in the market for a lighting, HVAC or refrigeration energy efficiency upgrade, we can help make it happen. We provide financial incentives for commercial customers, small industrial sites, and residential stratas to help shorten the payback period for simple, one-to-one retrofits. For example, a lighting project that costs \$10,000 and saves 40,000 kWh annually* (about \$3,600 per year on your electricity bill) will have a payback period of less than two years with the help of our incentive, compared to three years without it.
Carthy Foundation	Granting Program	http://www.carthyfoundation.org/fund.html	Supports initiatives that advance innovative policy and practice to enhance ecological systems in cities.

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Catherine Donnelly Foundation	Environmental Initiatives	http://www.catherinedonnellyfoundation.org/eco.html	Promotes climate justice and accelerating the transition to a post-carbon world.
Columbia Basin Trust	Climate Action Program	http://ourtrust.org/our-work/climate-action/	Works with Basin communities to enhance their efforts to reduce greenhouse gas emissions and prepare for and adapt to changing climatic conditions.
Columbia Basin Trust	Environment Grants	http://ourtrust.org/funding-support/funding-support-programs/environment-grants/	Supports projects that address the adaptation to the impacts of climate change at community-wide or regional scales, and making long-term contributions to reducing greenhouse gas emissions at community-wide or regional scales.
Columbia Basin Trust	Community Initiatives and Affected Areas Programs	http://ourtrust.org/funding-support/funding-support-programs/cipaap/	Supports local projects that provide additional value to Basin communities, and that benefit the broad community and public good.
Columbia Basin Trust	Energy Retrofit Program	http://ourtrust.org/funding-support/funding-support-programs/energy-retrofit-program/	Support for non-profit organizations that operate affordable housing units in the Basin that need energy retrofits.
Columbia Basin Trust	Recreation Infrastructure Grants	http://ourtrust.org/funding-support/funding-support-programs/recreation-infrastructure/	This three-year, \$9-million program focuses on the construction of new, or upgrades to existing, recreational infrastructure in the Basin. The program supports community efforts to create recreational infrastructure that encourages residents to live more active, healthy lifestyles. This includes structures such as backcountry trail networks, swimming pools, ice rinks, curling arenas, sports fields and parks. Items like these are eligible: outdoor and indoor sport and recreation facilities, fields and parks trails and greenways capital projects that improve active transportation, such as bike lanes and pedestrian bridges infrastructure that improves access to physical activity opportunities, such as pool lifts for aquatic facilities.

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Columbia Basin Trust	Small grants	http://ourtrust.org/funding-support/funding-support-programs/small-grants/	If you have an idea that will address community priorities and encourage community development activities that have broad community benefit, you can apply for up to \$5,000 through this program.
Columbia Power Corporation	Community Grants	http://columbiapower.org/partners/community/community-sponsorship/	Provides small sources of support to community environmental and conservation efforts.
Columbia Valley Community Foundation	Community Grants Program	https://www.valleyfoundation.ca/	Invests in people, ideas and activities that enhance the quality of life for the communities of the Columbia Valley.
Community Foundation of Castlegar & District	Community Grants Program	http://communityfoundationofcastlegar.com/	Supports programs and activities that contribute to the development and maintenance of healthy communities and the preservation of environmental values.
Community Fund of North Kootenay Lake	Community Grants Program	https://nklcommunityfund.org/	Makes annual grants to local charitable organizations in the communities of North Kootenay Lake.
Cranbrook & District Community Foundation	Community Grants Program	http://www.cranbrookcf.ca/	Building community vitality by investing in resources, organizations, initiatives and leadership.
Creston-Kootenay Foundation	Community Grants Program	https://www.ckfoundation.com/	To give grants to qualified donees, including for the preservation and protection of the environment.
Farm Credit Canada	AgriSpirit Fund	https://www.fcc-fac.ca/en/in-your-community/giving-back/fcc-agrispirit-fund.html	The FCC AgriSpirit Fund is about enhancing rural communities. If your organization is raising money for a capital project (hospitals, medical centres, childcare facilities) and your city or town has less than 150,000 people, it may qualify for a donation between \$5,000 and \$25,000.

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Federation of Canadian Municipalities	Municipalities for Climate Innovation Program	http://www.fcm.ca/home/programs/municipalities-for-climate-innovation-program/municipalities-for-climate-innovation-program.htm	Provides funding to help Canadian cities and communities of all sizes adapt to the impacts of climate change and reduce greenhouse gas (GHG) emissions. Funding is available for plans, studies and capital projects. Funding for climate change staff is planned for fall 2017, plus Transition 2050 grants combined with training for deep GHG reductions. This is a five-year program.
Federation of Canadian Municipalities	Green Municipal Fund	http://www.fcm.ca/home/programs/green-municipal-fund	Provides funding for municipal environmental initiatives that improve air, water, and soil, and reduce greenhouse gas emissions.
Federation of Canadian Municipalities	Municipal Asset Management Program	https://www.fcm.ca/home/programs/municipal-asset-management-program/funding-mamp.htm	FCM's new Municipal Asset Management Program is a five-year, \$50-million program designed to help Canadian municipalities make informed infrastructure investment decisions based on sound asset management practices. The program is funded by the Government of Canada. The program provides funding for projects that will help Canadian cities and communities of all sizes enhance their asset management practices. The goal of the program is to help municipalities make informed investment decisions for infrastructure assets, such as roads, buildings, water supply and sanitation systems, to deliver value for money while best serving citizens' needs.
Ferne Community Fund	Community Grants Program	http://www.cranbrookcf.ca/	Funds held with Cranbrook & District Community Foundation

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Fish and Wildlife Compensation Program	Seed grant, small grant, large grant	http://fwcp.ca/apply-for-funding/	<p>Funding and supports for the following:</p> <ul style="list-style-type: none"> actions to create, restore, or otherwise improve the function of ecosystems that have been impacted by BC Hydro construction of hydro-electric generating facilities; actions to create, restore, or otherwise improve the function of alternate ecosystems that provide a better opportunity for investment; specific management actions for species of interest as identified by recovery teams and action/implementation groups; baseline inventory that contributes to the development of habitat- or species-based actions within Action Plans; monitoring programs designed to measure the effectiveness of FWCP-funded habitat and species actions; contributing to all aspects of managing co-operatively managed conservation lands; and participating as a team member in species of interest planning.
Fish and Wildlife Compensation Program	Community Engagement Grant	http://fwcp.ca/app/uploads/2017/04/FWCP-Community-Engagement-Grant-Info-and-App-April-3-2017.pdf	Apply anytime for a Community Engagement Grant. These grants are typically \$500 to \$1,000 and help stewardship groups act to benefit local fish and wildlife.
Fortis BC	Community Investment	https://www.fortisbc.com/About/OurCommitments/CommunityRelations/Pages/default.aspx	Supports projects that directly benefit the environment and promote natural gas and electrical trades, literacy, and leadership.

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Fortis BC	Commercial Custom Design Program	https://www.fortisbc.com/Rebates/RebatesOffers/CommercialCustomDesignProgramRetrofit/Pages/default.aspx	<p>The program provides several types of funding to help you identify and then implement cost-effective natural gas energy conservation measures in your building.</p> <p>Energy study funding is offered to help you have a detailed engineering analysis of your facility conducted to identify opportunities for cost-effective natural gas savings. Maximum funding is 50 per cent of the cost of the energy study, subject to review and approval, to a maximum of \$25,000.</p> <p>Capital incentive funding is offered to encourage the implementation of cost-effective natural gas energy conservation measures identified in the energy study. The funding available is to offset the cost of implementing the approved energy conservation measures over equivalent yet less efficient alternatives.</p> <p>Implementation bonus funding is offered to participants who successfully implement the approved energy conservation measures. Maximum funding is equivalent to the energy study funding, to a maximum of \$25,000.</p>
Fortis BC	Various rebates and offers	https://www.fortisbc.com/Rebates/RebatesOffers/Pages/default.aspx	Fortis BC offers numerous rebates and funding for homes and businesses to increase energy efficiency.
FortisBC	Natural Gas Boiler Rebates	https://www.fortisbc.com/Rebates/RebatesOffers/EfficientBoilerProgram/Pages/default.aspx	Whether building new or upgrading, improve your building's energy performance and qualify for a rebate of up to \$45,000 by installing a high-efficiency natural gas boiler. And now, food processors, greenhouses and other commercial customers who use process heat are also eligible for rebates.
FortisBC	Rental Apartment Efficiency Program (RAP)	https://www.fortisbc.com/Rebates/RebatesOffers/RentalApartmentEfficiencyProgramPS/Pages/default.aspx	<p>More than 50 per cent of the rental apartment buildings in BC's Interior are older than 35 years and may not be as energy efficient as they could be. With a few simple changes to your building, you can save money, energy and water.</p> <p>We can make these changes for you and help you decrease your building's energy consumption and improve tenant comfort with the Rental Apartment Efficiency Program. Best of all, the program is offered at no-cost to building owners and property managers.</p>

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
FortisBC	Natural Gas Water Heater Rebates	https://www.fortisbc.com/Rebates/RebatesOffers/EfficientCommercialWaterHeaterProgram/Pages/default.aspx	Whether you're building new or upgrading, installing a high-efficiency natural gas commercial water heater is one way to prevent your profits from running down the drain. Another is to apply for a rebate of up to \$15,000. You must be a property owner or long-term leaseholder of an existing commercial building, or a builder/developer or property owner of a new commercial construction project.
FortisBC	Natural Gas Kitchen Equipment Rebates	https://www.fortisbc.com/Rebates/RebatesOffers/EfficiencyalaCarte/Pages/default.aspx	Choosing high-efficiency cooking equipment can be a good investment when it's time to upgrade or when building new. We've made it easier by offering rebates ranging from \$200 to \$3,500 per appliance. Appliances must be installed in a commercial kitchen and applicants must own the facility where the appliance is installed, or own the appliance.
Glasswaters Foundation	Community Granting Program	http://glasswaters.ca/environment/	Contributes to local organizations working on a variety of sustainability and community resilience projects.
Golden & District Community Foundation	Community Grants Program	http://www.goldencommunityfoundation.ca/	To provide leadership and administration that helps in addressing significant community needs.
Government of British Columbia	Community Energy Leadership Program	http://www2.gov.bc.ca/gov/content/industry/electricity-alternative-energy/community-energy-systems/community-energy-leadership-program	Supports local government and First Nations investments in energy efficiency and clean energy projects.
Government of British Columbia	Climate Action Revenue Incentive Program (CARIP)	http://www.cscd.gov.bc.ca/lgd/greencommunities/carip.htm	Funding to BC Climate Action Charter (Charter) signatories equivalent to one hundred percent of the carbon taxes they pay directly to support local governments in their efforts to reduce greenhouse gas emissions and move forward on achieving their Charter goals.

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Government of British Columbia	Clean Energy Vehicle Program	https://www.cevforbc.ca/clean-energy-vehicle-program	B.C. residents, businesses, non-profit organizations and local government organizations who purchase or lease qualifying new vehicles, are eligible for up to \$5,000 off the pre-tax sticker price for qualifying new battery electric, fuel-cell electric, and plug-in hybrid electric vehicles and up to \$6,000 for a hydrogen fuel cell vehicle.
Government of British Columbia	Post-Secondary Clean Energy Partnerships Program	http://www2.gov.bc.ca/gov/content/industry/electricity-alternative-energy/innovative-clean-energy-solutions/innovative-clean-energy-ice-fund/post-secondary-clean-energy-partnerships-program	Supports research in clean energy science and technology projects undertaken by post-secondary institutions in B.C.
Government of British Columbia	B.C. – Natural Resources Canada ISO 50001 Implementation Incentive	http://www2.gov.bc.ca/gov/content/industry/electricity-alternative-energy/innovative-clean-energy-solutions/innovative-clean-energy-ice-fund/iso-50001-implementation-incentive	The B.C. Ministry of Energy and Mines and Natural Resources Canada (NRCan) have joined together to offer up to \$80,000 of cost-shared assistance to B.C. industrial companies to implement energy management system projects that help facilities to comply with CAN/CSA-ISO 50001.
Government of British Columbia	Clean Energy Vehicle Specialty-Use Vehicle Incentive	http://www2.gov.bc.ca/gov/content/industry/electricity-alternative-energy/transportation-energies/clean-transportation-policies-vehicle-program/cev-specialty-use-vehicle-incentive	Support fleets by incentivizing the adoption of electric vehicles in a variety of vehicle applications including motorcycles, low-speed vehicles and unique service vehicles.

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Government of British Columbia	Community Gaming Grants	http://www2.gov.bc.ca/gov/content/sports-culture/gambling-fundraising/gaming-grants/community-gaming-grants#one	Supports not-for-profit organizations that deliver community programs that benefit the citizens of British Columbia.
Government of British Columbia	Infrastructure Planning Grant Program	http://www.cscd.gov.bc.ca/lgd/infra/infrastructure_grants/infrastructure_planning_grant.htm	<p>The Infrastructure Planning Grant Program offers grants to support local government in projects related to the development of sustainable community infrastructure.</p> <p>Grants up to \$10,000 are available to help improve or develop long-term comprehensive plans that include, but are not limited to: capital asset management plans, community energy plans, integrated stormwater management plans, water master plans and liquid waste management plans</p> <p>Grants can be used for a range of activities related to assessing the technical, environmental and/or economic feasibility of municipal infrastructure projects.</p>

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Government of British Columbia	BC Rural Dividend	https://www2.gov.bc.ca/gov/content/employment-business/economic-development/support-organizations-community-partners/rural-economic-development/rural-dividend/program-details2	<p>The BC Rural Dividend is providing \$25 million a year over four years (beginning in 2016) to assist rural communities with a population of 25,000 or less to reinvigorate and diversify their local economies. It was developed to recognize both the contribution rural communities have made to B.C.'s economy, and the unique challenges they face to diversify beyond natural resources.</p> <p>There are three funding streams for the Program:</p> <ul style="list-style-type: none"> - Project Development - Maximum Funding of \$10,000. Support for communities with limited capacity to undertake preliminary work (e.g. feasibility assessments and business cases) to develop strong applications for future intakes. Eligible applicant can apply for up to 100% of total project cost. Eligible applicant must show how the funding would support future eligible project applications. There is no guarantee of funding in subsequent applications. - Single Applicant - Maximum Funding of \$100,000. Supports implementation of community-driven projects. Eligible applicant must contribute at least 20% of the total project cost via financial or in-kind contributions (maximum 10% in-kind contribution). Eligible applicant can apply for up to 80% of the total project cost to maximum of \$100,000. - Partnerships - Maximum Funding of \$500,000. Eligible applicant must have at least one eligible partner. Eligible applicant and eligible partners must contribute at least 40% of total project cost via financial or in-kind contributions (maximum 10% in-kind contribution). Eligible applicant can apply for up to 60% of the total project cost to a maximum of \$500,000.

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Government of British Columbia	Bike BC	http://www2.gov.bc.ca/gov/content/transportation/funding-engagement-permits/funding-grants/cycling-infrastructure-funding/eligibility	The Province provides financial assistance for new infrastructure which forms part of a municipality, regional district, or First Nations community's adopted bicycle network plan. Eligible projects include those that encourage transportation cycling by accelerating the development of new cycling infrastructure. The focus of the Bike BC program is on cycling for transportation purposes which includes cycling trips to and from work, school, tourism and errands.
Government of British Columbia	First Nations Clean Energy Business Fund	http://www2.gov.bc.ca/gov/content/environment/natural-resource-stewardship/consulting-with-first-nations/first-nations-clean-energy-business-fund	The First Nations Clean Energy Business Fund (FNCEBF) promotes increased Aboriginal community participation in the clean energy sector within their asserted traditional territories and treaty areas. The fund provides agreements between the B.C. Government and successful applicants for Capacity funding and Equity funding. It also provides revenue sharing agreements between the B.C. Government and eligible First Nations.
Government of British Columbia	Oil to Heat Pump Incentive Program	http://oiltoheatpump.ca	Access rebates of up to \$1700 when you upgrade from oil heating to an air source heat pump.
Government of Canada	Climate Change Adaptation Program	http://www.nrcan.gc.ca/sites/www.nrcan.gc.ca/files/environment/pdf/2017_Call_for_Proposals_E_access.pdf	Natural Resources Canada is soliciting proposals for cost-shared projects that address climate change adaptation in the areas of coastal management, energy, mining, economics, infrastructure, forestry and training. Proposals due Nov 27, 2017.
Government of Canada	Climate Change and Health Adaptation Program for First Nations South of 60N	More Information: cchap-pccas@hc-sc.gc.ca	This 5-yr program funds community-based and/or regionally driven research projects which examine the impacts or risks that a changing climate is having on a community and/or region's health and wellbeing. The program creates opportunities for First Nations to engage their communities and/or regions in climate change discussions, monitoring of activities, conducting research, and assessing vulnerabilities in order to develop local action plans to adapt to a changing climate. Local governments, First Nations, non-governmental organizations, private sector and academia are eligible.

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Government of Canada	First Nation Adapt Program	https://www.aadnc-aandc.gc.ca/eng/1481305681144/1481305709311	Provides funding to First Nation communities located below the 60th parallel to assess and respond to climate change impacts on community infrastructure and emergency management.
Government of Canada	National Disaster Mitigation Program (NDMP)	https://www.publicsafety.gc.ca/cnt/mrgnc-mngmnt/dsstr-prvntn-mtgn/ndmp/index-en.aspx	Addresses rising flood risks and costs, and build the foundation for informed mitigation investments that could reduce, or even negate, the effects of flood events. Intake 5 is anticipated in 2018.
Government of Canada	Clean Energy Innovation Program	http://www.nrcan.gc.ca/energy/science/programs-funding/18876	Funding to support clean energy innovation which will accelerate clean technology research and development.
Government of Canada	Gas Tax Fund	http://www.ubcm.ca/EN/main/funding/renewed-gas-tax-agreement.html	The Community Works Fund (CWF) is delivered to all local governments in British Columbia through a direct annual allocation to support local priorities.
Government of Canada	EcoAction Community Funding Program	http://www.ec.gc.ca/financement-funding/?lang=En&n=923047A0-1#_06	Funds projects with a focus on reducing greenhouse gas emissions or with a focus on addressing the impacts of climate change.
Government of Canada	Indigenous Community-Based Climate Monitoring Program	Please contact Amanda Broad at Amanda.broad@gov.bc.ca or 778.698.4994 for more information.	Information on this program is anticipated in October, 2017. Proposals for funding can be submitted now.
Habitat Conservation Trust Foundation	Enhancement & Restoration Grants	http://www.hctf.ca/application-for-funding/hctf-grant-overview	Supports projects that focus on freshwater wild fish, native wildlife species and their habitats and have the potential to achieve a significant conservation outcome.
Habitat Conservation Trust Foundation	Public Conservation Assistance Fund	http://www.hctf.ca/application-for-funding/hctf-grant-overview	Provides small grants to organizations and individuals who have a conservation project in mind but need financial help to make it happen.

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Infrastructure Canada	Clean Water and Waste Water Fund	http://www.infrastructure.gc.ca/plan/cwwf/cwwf-program-programme-eng.html	The Clean Water and Wastewater Fund (CWWF) will provide short-term funding of \$2 billion. The program targets projects that will contribute to the rehabilitation of both water treatment and distribution infrastructure and existing wastewater and storm water treatment systems; collection and conveyance infrastructure; and initiatives that improve asset management, system optimization, and planning for future upgrades to water and wastewater systems.
Ivey Foundation	Economy and Environment Program	http://www.ivey.org/	Supports the development of a shared vision for Canada that integrates the economy and the environment.
J.W. McConnell Family Foundation	Granting Program	http://www.mcconnellfoundation.ca/en/granting	Bolstering Canada's ability to address complex social, environmental and economic challenges.
Kimberley & District Community Foundation	Community Grants Program	http://kimberleyfoundation.ca/apply-for-grants/	One of our goals is to preserve and protect the environment.
Kootenay Savings Community Foundation	Community Grants Program	https://www.kscu.com/Community/CommunityFoundation/	Invests in non-profit cultural, economic, educational, environmental, health and social projects and initiatives in the Kootenays.
LeRoi Community Foundation (Greater Trail region)	Community Grants Program	http://leroifoundation.com/	Committed to improving the quality of life in our communities.
Luna Trust	Granting Program	https://chimp.net/charities/luna-trust	Provides funding to qualified donees having as a principal objective the preservation of the environment in Canada.
Nakusp & Area Community Foundation	Community Grants Program	https://nakuspfoundation.com/	Meeting needs in our communities.

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Natural Resources Canada	Climate Change Adaptation	http://www.nrcan.gc.ca/sites/www.nrcan.gc.ca/files/environment/pdf/2017_Call_for_Proposals_E_accesses.pdf	Natural Resources Canada (NRCan) has issued a Call for Proposals to solicit proposals for cost-shared projects that address climate change adaptation in the areas of coastal management, energy, mining, economics, infrastructure, forestry and training. Up to \$8.25 million in funding may be awarded through this process.
Osprey Community Foundation (Nelson)	Community Grants Program	http://ospreycommunityfoundation.ca/	Dedicated to building and strengthening our communities.
Provincial Employees Community Services Fund	Community Fund	http://www2.gov.bc.ca/gov/content/careers-myhr/about-the-bc-public-service/corporate-social-responsibility/pecsf	Supports charities that are in local communities in B.C.
Real Estate Foundation of BC	General Grant Program	http://www.refbc.com/grants/general-grant-program	Supports initiatives that non-profit organizations have identified as important based on research and their own, on-the-ground knowledge and experience.
Regional District of Central Kootenay	Kootenay Lake Local Conservation Fund	http://kootenayconservation.ca/kllcf/	Provides local financial support for important projects that will contribute to the conservation of our valuable natural areas; one step towards restoring and preserving a healthy environment.
Regional District of East Kootenay	Columbia Valley Local Conservation Fund	http://kootenayconservation.ca/conservation-fund/cvllcf/	Provides local financial support for important projects that will contribute to the conservation of our valuable natural areas; one step towards restoring and preserving a healthy environment.
Revelstoke Community Foundation	Community Grants Program	http://revelstokecommunityfoundation.com/	Improves the quality of life for the people of Revelstoke.
Sitka Foundation	General Grant Program	https://sitkafoundation.org/	Focus on collaborating with organizations who are furthering the dialogue and offering solutions in the area of climate change.

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Slocan Valley Community Legacy Society	Community Grants Program	http://www.slocanvalleylegacy.com/	Building a living legacy that supports a resilient, vital, and healthy community
Southern Interior Development Initiative Trust	Grants	https://sidit-bc.ca/apply-funding/grants/	The SIDIT grant program provides non-repayable funding for municipalities, regional districts, First Nations, registered non-profit societies, institutions, and industry associations to support regionally strategic investments in economic development projects that will have long-lasting and measurable regional benefits for the Southern Interior. Please note that proposals from private interests do not qualify for grants. Private interests include all forms of business ownership such as corporations, partnerships, joint ventures and sole proprietorships.
Sparwood Community Fund	Community Grants Program	http://www.cranbrookcf.ca/	Funds held with Cranbrook & District Community Foundation
TD Friends of the Environment Foundation	Grants	https://fef.td.com/funding/	Supports a wide range of environmental initiatives, with a primary focus on environmental education and green space programs.
Union of BC Municipalities	Community Emergency Preparedness Fund	http://www.ubcm.ca/EN/main/funding/lgps/community-emergency-preparedness-fund.html	The Community Emergency Preparedness Fund (CEPF) is a suite of funding programs intended to enhance the resiliency of local governments and their residents in responding to emergencies. Deadlines for the various programs range from Oct 2017 to April 2018.
Union of BC Municipalities	Community Wildfire Protection Plan & CWPP Update Program	http://www.ubcm.ca/EN/main/funding/lgps/strategic-wildfire-prevention/2017-swppi-program.html	The CWPP program assists local governments and First Nations in identifying the risks of wildfire to their community as well as opportunities to reduce those risks. The purpose of a CWPP is to identify the wildfire risks within and surrounding a community, to describe the potential consequences if a wildfire was to impact the community, and to examine possible ways to reduce the wildfire risk.

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
Union of BC Municipalities	Fuel Management Prescription Program	http://www.ubcm.ca/EN/main/funding/lgps/strategic-wildfire-prevention/2017-swpi-program.html	The Fuel Management Prescription program assists local governments and First Nations to develop prescriptions for areas in the WUI that are at risk from wildfires and which are identified as priorities in the CWPP. A fuel management prescription is a document that identifies the objectives and strategies to lower the wildfire hazard in an identified area. Prescriptions ensure that proposed treatments include clearly defined objectives for fuel management that will result in a measurable reduction in the wildfire risk to a value while meeting all legislated and non-statutory requirements.
Union of BC Municipalities	Operational Fuel Treatments & Maintenance Treatments	http://www.ubcm.ca/EN/main/funding/lgps/strategic-wildfire-prevention/2017-swpi-program.html	Operational fuel management is defined as the process of changing forest fuel to reduce aggressive fire behaviour. This may include treatments such as thinning, spacing and pruning trees, and removal of needles and woody debris from the forest floor. The intent is to reduce fuel load in the forest and reduce the potential for devastating wildfires. The Operational Fuel Treatment program assists local governments and First Nations to undertake operational fuel treatments that are set out in a prescription for areas identified as priorities in the CWPP. The primary objective of the program is to maximize the number of hectares treated in areas that pose the greatest risk of wildfire to communities.
Union of BC Municipalities	Fuel Management Demonstration Projects	http://www.ubcm.ca/EN/main/funding/lgps/strategic-wildfire-prevention/2017-swpi-program.html	Fuel Management Demonstration Projects are small-scale projects, in the WUI, in areas that are at risk from wildfires, and which are designed to: <ul style="list-style-type: none"> • Demonstrate fuel management treatments and increase public awareness of fuel management • Test methodologies and equipment prior to implementing large-scale operational fuel treatment projects • Explore the economic and operational viability of different fuel treatment methodologies The Fuel Management Demonstration Project program assists local governments and First Nations to undertake small-scale treatments.
Union of BC Municipalities	FireSmart Planning	http://www.ubcm.ca/EN/main/funding/lgps/strategic-wildfire-prevention/2017-swpi-program.html	The FireSmart Communities Program, provided by Partners in Protection, is designed to encourage self-organized groups of residents to take the lead in implementing solutions for wildfire safety on their own properties. First Nations and individual neighbourhoods or

Name of Funder	Name of Grant	Url	Summary of Funding Opportunity
		prevention/2017-swpi-program.html	<p>subdivisions within local governments that are in areas prone to wildfire can earn FireSmart Community Recognition status by meeting the criteria set by Partners in Protection.</p> <p>The 2017 SWPI FireSmart Planning grant program provides funding to local governments and First Nations in BC to support residents to undertake FireSmart planning activities for private lands, as identified by Partners in Protection through the FireSmart Communities Program, and/or to develop or advance local planning efforts to mitigate risk from wildfire on private lands in the wildland urban interface.</p> <p>The program can also support residents or community groups within a local government or First Nation to take the required actions in order to achieve and/or maintain FireSmart Community Recognition status from Partners in Protection.</p>
